EDWARDS AQUIFER AUTHORITY
JOB POSTING – PVA#: 06-17

POSITION: Intern, Environmental Science

REPORTING SUPERVISOR: Director/Chief Technical Officer

DIVISION: Aquifer Management Services

DEPARTMENT: N/A

WORKING HOURS: Flexible – 20 hrs a week

SEMESTER: 2017 Summer

BASIC FUNCTION:
Assists in the collection and compilation of hydrologic data; assists with maintenance on the EAA’s data collection equipment and systems.

DESCRIPTION:
Assists in the collection and compilation of hydrologic data including water quality sampling of wells, springs, and streams; assists with measuring water levels in wells and discharge measurements in surface streams; assists with processing related data and files; assists with the maintenance of associated data files in the EAA’s electronic data base system; assists with regulatory site inspections, and performs other duties as assigned by the assigned supervisor.

EDUCATIONAL/EXPERIENCE REQUIREMENTS:
Two years (60 hours) of college coursework in a relevant degree plan with a minimum of twelve hours in geology, hydrology, chemistry, engineering or other science areas; some knowledge of computer system operations and database software preferred; ability to exercise initiative, independent judgment and responsibility; a valid driver's license; and the ability to operate a motor vehicle.

PHYSICAL REQUIREMENTS:
Job performance may require: listening, seeing, sitting, talking, reaching, pulling or pushing; frequent lifting, balancing, carrying, grasping, handling of items and equipment weighting up to 50 pounds; occasional walking, standing, stooping, bending and crawling in rough terrain requiring a high level of physical exertion; some irregular hours and long workdays, and moderate levels of stress. Job may consist of up to 50% work in an office environment and 50% work outside that includes exposure to extremes in weather, rough terrain, such as brush, rocks, and hills, and may also include exposure to hazardous chemicals, insects, and snakes. Performance may also include work around construction sites, work along roadways, well drilling or other similar work sites.

Applications will be accepted through 4:30 p.m. Friday, March 31, 2017. Completion of an application is required. Applications may be obtained from our website, www.edwardsaquifer.org, at the Edwards Aquifer Authority located at 900 E. Quincy, San Antonio, TX 78215 or by calling (210) 222-2204.

EOE/Drug Test Required
