

Apologies for the gap in postings, but I needed a break from all work, the website included. It is going to take some time to catch up, so will slowly start to ramp up the jobs over the next few weeks to get things back up to speed again. Also, stay tuned for news on the drinks night at World Water Week...

**Minimum experience level requested:**

0-4 years

- 1) [Junior Consultant \(Water Resources\) – World Resources Institute \(WRI\)](#) (Ethiopia): 10 August
