

Pershing County Water Conservation District - NV

Pershing County Water Conservation District is accepting applications for the position of District Manager/Secretary to the Board of Directors.

If successful, this applicant will be responsible for managing the day-to-day operations of a 40,000 acre irrigation district located in Lovelock Nevada. This irrigation district is a surface water irrigation district that receives water from the Humboldt River system and Rye Patch Reservoir. This position will be an at-will position to a seven member Board of Directors.

A complete job description is available through the Pershing County Water Conservation District. Interested applicants should contact Peggy Holland at 775-273-2293 or by email at nbales@irrigation.lovelock.nv.us. Salary DOE. Applications including cover letter and resume, must be received by the District before close of business on February 4, 2019 for consideration.
